Range Sergeant

SUBJECT: OFFICER PAUL RESCH'S SERIVCE PISTOL

The purpose of this memo is to inform you that on May 7, 2019, I received Officer Resch's duty weapon for inspection from the Sacramento County evidence warehouse. The pistol is a Glock Model 17 (SN# [redacted]) chambered in 9mm.

I conducted an inspection of the internal/ external parts and found the weapon to be in original factory conditions, no modifications appeared to have been made to the weapon. I further performed a function check and fired 5 EGPD Duty rounds (Hornady Grain jacketed hollow point) at the Sacramento County warehouse live fire gun trap. The weapon was in good working order. Attached was a TLR-7 tactical light (SN#0436661118) that was in good working order.

I also inspected the one Glock magazine located in the pistol and found it to be functioning properly.
